Talks to Outside Organisations:

Looking for a speaker? I can come along to your meeting, be it 10 or 50 (or more!) to talk. For those of you with little or no knowledge of badgers, fear not, you will soon learn what delightful animals they are.

You will hear about the work of the ESBPS and in particular about our unique release programme for orphaned cubs and much more besides.

I am available in the daytime or evening.

Being born and brought up on the Welsh border, I have a life time interest in the birds and wild animals of Britain, understanding their ways and looking after their protection.

I can also bring our ESBPS Gazebo and information and fund raising table to your event.

Information & Fund Raising Stall:

An appeal by Warwick Reynolds.

With the perceived deterioration of badger protection we need to renew our efforts to give badgers a higher profile. One way of achieving this is by attending charity shows to raise funds and fly the ESBPS flag. We need volunteers to run the stall. Please contact Maureen.

After 20 years of doing shows Ian Tilbury and I can enthusiastically confirm that there is not a more wonderful way of spending a beautiful English summer's day. We bask in the warm sunshine, sipping our Pimms, with a gentle breeze rustling the stationery, whilst we chat to all the beautiful people as they dribble mustard from their hot dogs and melting ice creams all over your precious sales goods.

Now come on, you know you want to - we can supply sou'westers!
